## Letter from the President

Dear Neighbor:

The leaves will soon begin to change as fall weather makes its way to North Alabama. In every season, we are thankful to have you as part of the First Metro Bank family. This year, we look forward to celebrating our 30<sup>th</sup> birthday with you! Join us at our 30<sup>th</sup> Birthday Extravaganza on Thursday, November 1, at 6:00 p.m. in the Muscle Shoals High School Auditorium. This one-of-a-kind birthday celebration is an event that you will not want to miss featuring a variety of acts and performances for your entire family to enjoy. In honor of our birthday, all proceeds collected at the event will be donated to the Kruzn for a Kure Foundation.

Not only will we celebrate our birthday, we will also welcome new services. Later this month, we will begin the process of replacing our current Automated Teller Machines (ATMs) with new, innovative ATMs that offer customers the ability to make deposits into their First Metro Bank accounts. This new feature will provide a quick and simple way to make deposits, twenty-four hours a day, seven days a week! For three decades we have been improving existing concepts while developing new and efficient ways to accomplish the same goal of better serving our neighbors.

Thirty years ago, we hoped and prayed our future would be filled with continued growth, lasting prosperity, and a community-focused vision. Thank you for joining First Metro Bank on our memorable journey. As we look ahead to the future, our commitment to service, growth, and success will not waiver. We remain eager to make a lasting impact on the neighbors and communities that form the First Metro Bank family.

Thank you for  
Banking with a Neighbor

*Rodney Howard*

## Staying Safe on Social Media

Social media sites such as Snapchat, Facebook, Twitter, and Instagram allow us to stay connected in ways never before possible; however, with this power also comes risks - not only for you, but also for your family, friends, and employer. Here are some ways to make the most of social media while remaining safe and secure:

### POSTING

Be careful and think before you post. Anything posted will most likely become public at some point, potentially impacting your reputation and future.

### PRIVACY

Almost all social media sites have strong privacy options. Limit access of your content to as few people and third parties as possible.

### TWO-FACTOR AUTHENTICATION

Two-factor authentication adds a one-time code with your password when you need to log in to your account. This is actually very simple and is one of the most powerful ways to secure your account.
